Maths-2

Word Problems

Example: Disha has 26 books and Anu has 18 books. How many books do they have in all?

Statement	Rough
No. of books Disha has 26.	T H
No. of books Anu has 18.	①
Therefore, total number of books they have.	2 6
26 + 18= <u>44 books.</u>	+ 1 8
	4 4

<u>Solve the problems. Do them in your Maths copy.</u>

Q1. Raj has 524 stamps. Riya has 413 stamps. How many stamps do they have altogether?
