MATHS 2

Solve the following word problem.

Example:

Roji had 5m 80cm ribbon. Her brother gave her 2m 45cm long ribbon. What is the total length of ribbon she has now?

<u>statement</u>

Length of ribbon Roji had   5m 80cm

Length of ribbon brother gave 2m 45cm

∴ the total length of ribbon she has now

5m 80cm + 2m 45cm = 8m 25cm

1	Rough	
	m	cm
	5	80
+	2	45
	8	25

Q1. Do page number 80,81 and 82 in your Maths workbook.
