

## A THIRSTY CROW

One hot day, a thirsty crow was looking for water. For a long time she could not find any. Suddenly she found a pot and flew down to see if there was any water inside. The crow put her beak inside but could not reach down. She saw some pebbles lying around. She got an idea and picked up some pebbles one by one and put them in the pot.

The water level came up!  
The crow drank the water and flew  
away happily.
