Self Assessment Test (Std 11)

Subject:Economics   Full marks:20

Total Time:45mins

(1)Calculate Mean by using Step deviation method from the following data: (6)

Marks	No. of students
0-10	4
10-20	6
20-30	12
30-40	14
40-50	8
50-60	6

(2)Find Median from the data given below. (6)

Marks	No. of students
0-10	5
10-20	15
20-30	30
30-40	40
40-50	10

(3)Calculate Mode by Grouping Method: (6)

Age(in yrs)	No. of persons
10-20	6
20-30	8
30-40	18
40-50	20
50-60	14
60-70	4

(4)State any two characteristics of a good average.   (2)

****
