

5. English Literature Everbody's water Assignment 3 of Ch.6

Read, reflect and write

Q8. What does Water wish for at the end of the play?

Ans 8. Water wishes to flow clean, free and happy. Water wishes to see a green, clean and pure planet.

Q9. Name some other natural sources that need to be saved. Give suggestions on how all of us can help save them.

Ans. Trees, Fossil fuels and Minerals.

- We can help save trees by increasing afforestation and considerably decrease the rate of deforestation for limber.
 - We can cut down our use of paper and polythene bags.
 - We can cut down our use of fossil fuel by focusing more on unconventional sources of energy such as solar energy.
 - We can control the rate of consumption of our natural resources including trees, fossil fuels and minerals by following the motto, 'Reduce, Reuse, and Recycle'.
-
